

# Weddings at The Adamson House

All weddings, receptions and special events are contracted through the California State Parks. The special event site coordinator handles reservations, contracts, and information. Please contact by email: [adamsonhousewedding@parks.ca.gov](mailto:adamsonhousewedding@parks.ca.gov)

Weddings and special events are scheduled from April through October. The maximum number of guests allowed is 200. All weddings, receptions, and special events are held on the beautiful ocean front property; the sycamore lawn, the front courtyard, and the rear lawn by the star fountain. All events are outdoors and not inside the Adamson House. The Adamson House is a State Park property which is a National Landmark in Malibu. The grounds are open to the public, seven days a week from sun rise to sunset.

For scheduled weddings and events, the docent council of The Adamson House offers the option of “opening” the house for docent led tours during the cocktail hour. This is a separate contract which can be obtained from the wedding docent chairperson or through the special events site coordinator. Please see the link to The Adamson House Wedding Tours brochure for more information.

We recommend prospective brides and grooms visit the park, walk the beautiful ocean front property, and take a docent led tour of the house. Seeing the historic masterpiece beach house full of Malibu Potteries tile, and hearing about the history of the last family to own Malibu is remarkable. All tours of the interior of the house are docent led. The Adamson House is open for tours Wednesday through Saturday from 11 am to 3 pm. The last tour departs at 2pm. No reservation necessary for groups under 12 persons. The fee is \$5.00 for adults, \$2.00 for children. General information 310-456-8432
