## WEDDING TOURS

## THE ADAMSON HOUSE

### *A Memorable Wedding*

Opening the Adamson House for tours during the cocktail reception is a unique gift for your wedding guests and a gift of preservation to The Adamson House. Touring the Adamson House will add to your guests' memories of your wedding and the beautiful location where it occurred. The contracted payment for the tours will go directly to the fund that helps preserve the house for future generations. In addition you will have the privilege of having photos taken on the balcony at the end of the tours.

### THE TOUR

During the cocktail reception, your guests can tour The Adamson House with a polite and informative docent, while your wedding party is with the photographer. Your friends and family members can enjoy the following:

View the famous architect, Stiles Clements' masterpiece beach house, built in 1929, in the Spanish Colonial Revival style.

Step back in time and experience a house that is almost entirely preserved, complete with the family's belongings and furniture, just as it was when Rhoda and Merritt Adamson lived there with their 3 children during the 30's, 40's and 50's.

Hear the romantic history of how the property was given to Rhoda and Merritt Adamson as a gift from her mother, May Rindge, the last owner of Malibu.

Visit this historic house decorated in beautiful, rare and valuable Malibu tile. Walk on the Persian style rug made entirely of tile.

Observe the hand painted ceilings, doors, cabinets, and frescos by two renowned Scandinavian artists, Ejnar Hansen and Peter Neilsen.

See the details of hand forged wrought iron and the glow of colored and rondel glass windows.

From the balcony behold the breathtaking panoramic views of Santa Monica Bay. Listen to the surf as it crashes on the beach and see a bird's eye view of your reception.

## THE CONTRACT

The Adamson House docent chairperson will provide your guests with experienced and informative docents during your cocktail reception for up to 1.5 hours. The number of docents is based on your number of guests attending, usually between 5 and 10 docents. *In order to increase the availability of docents for tours please give 6 weeks notice.*

Your guests who wish to see the interior of the house are led in small groups for a 20 minute tour. The small group tours are at your guests' leisure and tour times are flexible according to your guest's wishes. No food or beverages are allowed inside the house. A service tray is set by the front door for guests to leave their beverages while on their tour.
